

# THE MAGIC OF MAKE BELIEVE

## or, How to Act the Performance of your Life.

### ONE 3-HOUR SESSION

This presentation is based on Lee Pascoe's book of the same name. The first 10 participants to enrol will receive a free autographed copy.

"Make-Believe" means "creating a belief". One of the big stumbling blocks which prevents people making the most of the Law of Attraction and other forms of creative visualisation, is lack of belief. We may know what we want, but we cannot really believe it is possible. We have been told that we must TRULY believe, but do not know how.

Lee uses her background experience in theatre and hypnosis to show how we can "trick" our mind into accepting new beliefs and exploring new possibilities. Instead of *trying* to believe, we can act "as if" what we want is already a reality. This sort of "pretending" is neither deceitful or artificial - on the contrary, it allows a conscious, voluntary choice, giving us the chance to "try on" the attributes of who we want to be, and free ourselves from limiting beliefs.

You have no idea of what you can do, or how wonderful you are. To start to find out, make believe you already possess the quality you want, and you may discover that you actually do! With role-playing games, the imagination is released from the fetters of what is "real". You can experiment untapped areas and abilities of your personality - unbelievable!

During this lecture you will :

- discover the secret of truly believing
- learn how to bypass your critical barrier
- recognise the power of children's "Let's Pretend"
- explore the energy of role-playing
- dare to open up whole new areas of your personality
- find out how to use the magic word "IF"

### YOUR INSTRUCTOR

Lee Pascoe is an Australian, living in England and France. University-trained in Psychology, Languages and Drama, she spent 16 years teaching, lecturing and counseling for the Australian Government, as well as developing a career as a professional singer, dancer and actress.

In 1988, she and her husband, Michael, became Silva Method directors for Paris and France.

In 1995, Lee added hypnosis to her repertoire, becoming an award-winning Board-certified member and certified instructor of the National Guild of Hypnotists

Lee is a Fellow of the prestigious Professional Speakers Association of Great Britain, and lectures world-wide in both English and French.

Her book, *The Magic of Make Believe*, is published by Findhorn Press, and also appears in French, Hungarian and Lithuanian.
